

## TW Wines

The concept of TW was born on a fishing trip to Waikarimoana in 1997, where two of the group, Geordie Witters and Paul Tietjen, travelled to Lake Waikarimoana together. They talked along the way about grapes, wine, and a few other things, and realised they both had ideas of producing top quality wines. Both vineyards had accumulated several awards for wines produced from their respective vineyards so they decided to start research into prospective winemakers, and wineries that could blend the flavours from the two vineyards into a quality wine.

### NOTES:

## TW Lilly 2008

### Tasting Note

Vibrant cherry pink, this wine gives aromas of wild strawberries and cream, with hints of vanilla. The palate shows sweet raspberry flavours with bright cherry characters on the finish. A true red fruit explosion.

### Winemaking Techniques

Juice was taken from Merlot and Malbec after soaking on skins for 12 hours. Cooled in stainless and slightly clarified before inoculation with an aromatic yeast, the fermentation was carefully temperature controlled to maximise aromatics and red berry flavours.

### Technical Details

Variety	60% Merlot, 40% Malbec
Region	Gisborne, Golden Slope
Brix at Harvest	22.8
Alcohol	13.5%
Residual Sugar	10g/L
Total Acidity	7.2g/L
pH	3.26

### Winemaker

Anita Ewart-Croy

### Recommended Accompanying Foods

Your favourite midday meal of summer – especially fresh tuna!

### Cellaring

Two to three years.

### Main Markets

New Zealand

### Recommended Retail Price

\$NZ 18.00
